

05/16/2013 Events

AGEPI will participate in the ISE "FOOD & DRINKS-2013", organized from 22 to 26 May 2013 with the IEC "Moldexpo", in which will present the informational stand "Protection of Intellectual Property in the Republic of Moldova", and specialists will conduct marketing and consultancy activities in the field. On May 23, in the exhibition, AGEPI will organize the Seminar "Intellectual Property - Support in Developing a Successful Business".

The seminar will be held in the conference hall of the IEC "Moldexpo", central pavilion, 1, Ghioceilor Street, starting at 10.00. AGEPI specialists will present reports that cover the topics: "Aspects of Patenting Inventions", "Trademark Role in Promoting Commercial Success. Protection of Trademarks at National and International Level", "Design - A Way to Success in Business", "Tradition transformed into Business - Traditional Specialties Guaranteed". The event is organized to promote and disseminate information on protection of intellectual property in the Republic of Moldova and the role of intellectual property in developing a successful business. (Seminar Program [1])

To the seminar are invited representatives of producers' associations in the republic, craftsmen associations, representatives of central public administration authorities, of the Chamber of Commerce and Industry of the Republic of Moldova, and also representatives of the economic agents participating in the exhibition.

Those who wish to attend the seminar are asked to fill in the registration form (Registration form [2])
